Good Morning,

I'm writing to inform you that NY Division made the arrest of Ghislaine Maxwell in Manchester, NH early this morning. A true bill came back in NYC on Monday, June 29 on the following charges:

- Enticement of a Minor
- Conspiracy to Entice
- Transportation of Minor for the Purpose of Criminal Sexual Activity
- Conspiracy to Transport
- Perjury (2 counts)

A number of you may have worked with victims in the original charges against Jeffrey Epstein. This news is going to understandably bring a number of emotions and feelings to the surface for these victims. USAO at SDNY may be notifying the original victims in the Epstein case as a courtesy; however, the only individuals being identified in this indictment are the following victims:

- [REDACTED]
- [REDACTED]
- [REDACTED]

You may receive phone calls from victims you have worked with - if you have questions, please direct them to either myself or VS Angela Jackson as she is the lead VS on this case. I will update later with a link to any press release made by FBI NY or SDNY. Please ensure you are only repeating the information made in statements by SDNY and FBI as this is still an active investigation.
