Good afternoon,

I am writing you as it relates to the above-referenced subpoena. Southwest is producing documents from its CIRRUS database which are responsive to the subpoena. These documents are attached and are bates numbered SWA000001 to SWA000008. Also attached, please find an executed *Declaration of Custodian of Records*. Please note that we were unable to locate responsive records for Ghislaine Maxwell, a/k/a Ghislaine Borgerson, or [REDACTED]. Please also note that our records retention for travel records only go back 10 years, so we would not have responsive records for anything prior to 01/28/2010.

Kind regards,

[REDACTED]
