██████████, date of birth (DOB) ██████████, was interviewed at ██████████?

Present for the interview was ██████████ attorney Gloria Allred, along with AUSA ██████████, AUSA ██████████, Detective ██████████, and Special Agent ██████████.

██████████ has lived back and forth between Europe and New York. ██████████ has worked in ██████████ for six year and has her own ██████████ company, ██████████, for the past three years. ██████████ ██████████, where she attended school. When ██████████ was between 22 to 24 years old, she came to New York to learn English and studied fashion. ██████████ started modeling and casting work for a good agency. Her booker, ANDREW LNU, was casting for Victoria's Secret. Her booker recommended her to a man to go to a casting. ██████████ went to JEFFREY EPSTEIN's house with her book. ██████████ saw many girls living there at the house. A woman, who ██████████ thought may have been a sister but was not sure, told her, "Oh you have to be nice to him; he's going to help you a lot". EPSTEIN's house was on the Upper East Side on maybe 72nd street; it was a big house. This was maybe in the winter/March of 2004. ██████████ described a woman as having short dark hair and thought this to be GHISLAINE MAXWELL. This woman introduced ██████████ to EPSTEIN and told her, "Be nice, he's important". This woman walked her up the stairs. Once there when it was just the two of them, ██████████ and EPSTEIN talked. ██████████ did not remember what the two of them talked about. EPSTEIN made ██████████ realize she was not there for a casting. ██████████ said, "It was a sexual thing; it was harassment."

██████████ did not remember EPSTEIN saying much, but remembered him being aggressive with her. EPSTEIN pushed ██████████ to the door, came up to her, touched her face and touched her all over, her vagina in particular. ██████████ recalled there being a massage table in the room. EPSTEIN offered ██████████ money, but she was not sure why she was offered the money. ██████████ told EPSTEIN this was not going to happen and left. ██████████ was scared, so she left.

██████████ thought that the same girl that told her to be nice to EPSTEIN asked her where she was going and why she was leaving. This girl told ██████████ that this guy could help her out.

██████████ described the room she was in as dark brown with books and a desk and a massage table to the left. When ██████████ met EPSTEIN, he asked her if she wanted to work as a model. EPSTEIN told her that he could help her work with Victoria's Secret. When ██████████ started to push EPSTEIN away, he started to touch her genitals. ██████████ saw his sex toys in his office; they looked like a "massage thing", like a vibrator/massager. The vibrator/massager was long.

██████████ did not have any more contact with EPSTEIN. The woman who escorted ██████████ out of the home told her she would not be working with them.

██████████ booker told her how important EPSTEIN was before she went. ██████████ did not talk to her booker after she went to EPSTEIN's home.

When ██████████ went into the room, EPSTEIN introduced himself and ██████████ told him where she was from. EPSTEIN had a robe on and started to take it off. EPSTEIN touched her face and touched her all over and pushed her to the door. ██████████ tried to push him away. The massage table was near the

desk and the massager/vibrator was there. EPSTEIN tried to give her money but she told him no and that she did not do that. [REDACTED] threw the vibrator at him.

[REDACTED] spoke to the press in July after EPSTEIN's arrest. [REDACTED] was in the *New York Post* article, [REDACTED].
