Forgive me but I'm having a hard time understanding what's happening. The victims of Jeffrey Epstein were invited to a briefing for the FBI to extend an olive branch and try to make the girls feel better about how severely the FBI messed up. We were told to come with the understanding that we would be reimbursed for travel expenses and we're now approaching 3 months since the briefing and still no reimbursement. Have the other girls been reimbursed? This seems absurd.

Hi,

Should I just assume I'm not actually getting reimbursed?
