[REDACTED]'s squad is going to call her again and take it a little farther. There are no specific treats to anyone or anything but maybe can get her in harassment if this is constant.

Please don't worry about this coming back in you. If know you were concerned about this one in the first place. There is nothing more you could have done.

FYI...It says they did a telephonic interview and [REDACTED] sent the emails to the agent. It says she stated to the agent that she wasn't "necessarily worried about physical violence, but more violence which could be fomented from [REDACTED] online vitriol".

Thank you, I'm out today. Well that's not good, I asked them specifically to interview.

Yes it is. This was sent to C26 and I believe an agent was in contact with [REDACTED] [REDACTED]. I don't know what the status currently is as I haven't been in contact with the agent.

Hey [REDACTED]

Is this the same matter we discussed about a month ago and then fed a guardian to C26?

Names sound familiar. Not sure why it was brought to SAC.

See below.

[REDACTED] is the claim administrator for the judge who dealt w the Epstein matter.

[REDACTED] is conducting the threats.

Please look into this and get back to me.

Thanks.

Subject: [EXTERNAL EMAIL] - Threat case involving Claims Administrator in a federal case

As we discussed, US District Judge Jed Rakoff called me to report that the Claims Administrator in a case pending before him has been receiving threatening and harassing messages by email at twitter (x) following the administrator's rejection of certain claims filed by [REDACTED]. Apparently, some of the messages are also anti-Semitic. I understand an FBI agent is involved, but it appears that the agent may not be immediately responsive. (FYI, the case in which the administrator is assigned involves claims made by victims of Geoffrey Epstein against Epstein's estate).

**The Claims Administrator (the victim) is [REDACTED] [REDACTED].** She can be reached at [REDACTED] or [REDACTED]. My initial view is that the Claims Administrator should be considered the equivalent to a member of the Judge's Chambers (in other words, she is an agent of the federal judiciary).

**The person sending the messages is [REDACTED].** I do not have location or contact information for Ms. [REDACTED]

Let's talk after you have a chance to look into this?

Thanks so much,
