Hey guys,

The A/SAC just gave me a heads up that the ODAG may be reaching out to you as case participants for Epstein. Specifically, to discuss evidence (that's why [REDACTED] and [REDACTED], our evidence transport team, was also included). All of our phone numbers were passed by NYO EM. It's possible we could be asked to visit DC but more likely to receive a call. The main contact we have is [REDACTED]. There's no issue answering her questions to the best of your ability.

Let me or [REDACTED] know if you have any questions.

Thanks,  
[REDACTED]
