We are requesting the following information from you:

- VS cell number (if communicated by text) [REDACTED]
- VS email address (if communicated by email) (I don't believe I communicated with her via email)
- VS desk phone (if you have any voice mails)
- Name of the victim/witness/attorney with whom you communicated + his/her cell phone number, email address, or home phone number (if appropriate) [REDACTED] Her current number is [REDACTED]. She had a different number at one point but I don't remember what it is and of course...new phones. I think [REDACTED] probably has it.
