Hi Mandy,

Below is the response regarding the attached FDR. I have already replied to see if we can get the records on intel basis first to determine whether or not we want to pursue an MLAT/ILOR.

I will let you know when I have a response, but wanted you to have the below for now.

Thank you,

**OFFICIAL**

Hi [REDACTED],

Travel information is only retained in the UK for last 5 years. US FBI authorities can request Passenger Name Records (PNR) in the US for both subjects for intelligence purposes or an ILOR to UKCA for 5 year travel data for evidential purposes.

Thanks

Regards
