This is your last chance to correct my file. You have only one day left. I cannot tell you what your consequences will be, just that they are gruesome and neverending.

If you do not compensate me, after I retained you for one dollar at the Omega, if you continue to harm me as you have for this past year, past today, then it will change your life forever.

This is the last chance I give you, then I am coming for your throat. If you think you are going to get away with this your wrong.

You have until five today to make me an offer which I will accept and disappear. That's all, til five.
