**RE:** Lauren Mack Interview of [REDACTED]

████████ stated the following, in sum and substance on 7/23/2021:

- I was a licensed masseuse and met Jeffrey through my modeling agency (Bella Agency).
- Ghislaine was a corporate type and at the time she was taking helicopter lessons to get her license and she was more of a house manager. I never saw her with young girls or heard her on the phone arranging things with girls for Jeffrey.
- She wanted her pilot's license so she could fly him to the Island.
- I had the impression she was handling business for him.
- She was around and then she wouldn't be, then she'd be around and then she wouldn't be. She would come and go and handle his business.
- I was only involved with Jeffrey for a year, I just followed around with him.
- I didn't see anything bad ever, there were no red flags, there was nothing alarming that I saw. When I first found out everything that happened, I was in shock. At the time I was with him was my early 20's.
- There were women and friends that would come, who were a lot older than I was at the time, in their 30's and would have something romantic with him.
- Then all these things came out about underage girls in New Mexico, but I never saw that.
- I was at Zorro when it was under construction. I never saw the finished ranch.
- There was either a big mobile home that was there before or some type of structure built. I stayed there with other girls. They were all my age, early 20's or older. There were no young girls there in New Mexico.

- There were never any young girls. I never saw young girls-but I read in the news he was keeping one in his NY apartment. That apartment was 5 stories high and when you went in, you only went into certain rooms.
- I left Jeffrey right before 2000, I was with him in 1999-ish. I checked the timeline in the paper and that was when one of the girls was there [REDACTED] never saw her though.
- I am looking back at my age now, and I feel like I was being prepped to be exchanged around. I just didn't know it. [REDACTED]  
[REDACTED]
- He would come up to L.A and send me out to his friends. The first person he sent me to was a girl (*not GM*) and then he sent me out to a man, and he wanted something extra and so I stopped. I told Jeffrey what-the-fuck and after that he didn't send me out for any more knowing I was not down for that. I was really upset. It was as if Jeffrey told him something. [REDACTED]  
[REDACTED]
- Ghislaine was not involved at all with sending me out to these people. Jeffrey would just call me up and say this is who I'd like you to give a massage to. She was around but I never saw her do anything shady. I have thought back to that time to see if there were any red flags about her, but nothing-no red flags at all.
- I wanted Ghislaine to like me because I was a hard-core co-dependent people pleaser. We got along, but she made me cry one time. We went to London, and I met an Irishman there and we had a fling. Ghislaine and Jeffrey thought he was a terrorist and I stopped seeing him. Ghislaine was mad at me and I'm overly sensitive and started to cry. Jeffrey was like my dad, a father figure and upset-so I was really upset. [REDACTED]

- I never saw him like a creepy guy. He had so many women after him at that time. He was the bachelor everyone wanted, very charming.
- I saw Prince Andrew and Donald Trump. He wanted me to give Prince Andrew a massage, but I didn't feel good about that. I wonder if he was offering me to him to do more. Ghislaine was not involved in that.
- There have been so many reporters and I haven't talked to anybody because I have children and I don't want my name out there. A part of me wants to tell my side of the story and about stuff that happened while modeling before I met Jeffrey, but my boyfriend says no because the public and my children will think bad things about me.
- I moved to NY and went to a modeling agency (Bella), and they sent me to go see Jeffrey for a Victoria Secret shoot because Jeffrey was involved with Les Wexner. I was 25 years old.

- I tried on clothes and Jeffrey started talking to me and we spoke for 5-6 hours-he got my entire life story and he said he would take care of me, that I would be fine. Ghislaine was not there.
- Ghislaine never “groomed” me, I didn’t see her sending girls to him.
- None of those girls you read about have reached out to me.
- I don’t know any of them.
- I watched a few documentaries and the first Netflix documentary.
- I didn’t know [REDACTED] think that was the girl he kept at his house. There’s a picture of her with Prince Andrews and Ghislaine is in the background.
- The FBI or any other attorneys have not called me.
- You can call me if you want.
- It seems like they want someone to take the fall for Jeffrey.

[REDACTED] additional responses on 8/11/2021, follow in sum and substance:

- The only name I remember from female visitors was [REDACTED] (Mack’s spelling), she visited once on the island, she was around my age, mid 20’s.
- In New Mexico Jeffrey was just pretty much showing any visitors the progress he was making on building his big house there-that’s what was going on there.
- At first, I thought Ghislaine was his girlfriend, then I thought she was more like a business partner or assistant—it wasn’t really clear- so I just thought she was kind of like both.
- After hearing the stories of the victims that came out, I then obviously replayed everything back in my mind and I did wonder if I was being set up to be exchanged, if there was an ulterior motive because that did happen to me while modeling (before I met Jeffrey). But I did not think Jeffrey was going to exchange me around, none of that occurred to me at that time.
- He did send me on a few massages, they were friends of his, it was he himself who asked me, it was never anyone else who asked me. I assumed that they were gifts because he was paying me for them; he never gave me any instructions for the massages-just the address and I don’t remember where any of them lived, it was such a long time ago.
- I do remember when I first met Jeffrey there was another girl there, I can’t remember her name but oh boy was she chasing after him. It just seemed like there were a lot of women chasing after him.
- I didn’t really see any other masseuses that were chasing after him in a romantic way. I never saw him pay them, but I’m pretty sure that he did.
- It was like a vacation atmosphere there, it was very laid back and really very mellow. There were no drugs or alcohol. It was not like the Playboy Mansion; that bring a seedy

picture into my mind. It was not like that [REDACTED]  
[REDACTED]

- No, he did not hit on me that first day that I met him when I was there talking to him for hours and hours.
- It was not a Victoria's Secret shoot at his house when I first met him. I was told I was going on a casting for a fitting, so I did not see anyone else there except for some people that were employed by him who took care of his house.
- No, I never felt like Ghislaine was grooming me. I never saw her bring anyone to him, I never saw or heard her on the phone booking photo shoots for girls, I actually don't think I ever saw her bring a friend over or a visitor, and I feel like she was just solo all the time.
- With regards to Virginia, I was going through the timeline of everything and was wondering if she had been at the house shortly after I had met him... but I never saw her there.
- I don't remember how much Jeffrey paid for each massage.
- He would give me cash, but he would give me like a lump sum every month- so I guess it was more of like an allowance.
- I didn't see any consistent masseuses working for him when I was there. The ones that would come over- it looked like they would be from an actual spa because they would have uniforms on.
- He would have at least one massage a day. Definitely at least one.
- The massages would occur, if in his house, he had a room with a massage table. And he also had, at his other houses, kind of like a designated area with a massage table.
- The first few massages there were intimate things that happened afterwards, but then after that it was just normal massages. [REDACTED]  
[REDACTED]
- Yes, I have gone back, thousands of times, in my mind, to see if there were any red flags that I saw or that looking through *these* eyes, that, I now know would be red flags- I didn't see anything that was alarming or concerning.
- I went to his house in Palm Beach, we went to the UK- that was a trip with Ghislaine, the ranch and the island--there would be different visitors that would come for various lengths of time and stay and then leave.
