Subject: Fwd: Maxwell trial tomorrow

FYI see below...

Let's plan to meet at the office at 745 to finalize logistics for tomorrow.

[REDACTED] will be witness #1. [REDACTED] and [REDACTED], his attorney may contact one of you in the morning to escort him to the 2nd floor witness room from the courthouse side entrance. Depending on timing it may make sense to split and have [REDACTED] go with one of you to pick up [REDACTED].

[REDACTED] will be witness #2. She will need to be at the US Attorneys Office by 10am. You will go through 2 checkpoints to get to the office. We can chat more about this in the am. She is staying at the [REDACTED] and [REDACTED] in midtown.

Have a good night and see you in the morning.

Thanks for your help!

The transport agents should call our security staff at [REDACTED] when they arrive at the first checkpoint as they will need our security staff to escort them and the witnesses into our building.

Our CSOs will be outside when your agents arrive to expedite the entry. The transport agents will have a reserved spot each day at our building. They can use your the loading dock entrance or enter through the double doors under the bridge with the witnesses. All witnesses will be screened before they can proceed to the third floor holding rooms. The witnesses should not have any electronic devices including cell phones.

\*\*\*Agents are prohibited from carrying weapons into the courthouse.\*\*\*All weapons must be secured at the U.S. Attorney's Office or the FBI NYO.

Our CSOs will grant the transport agents and witnesses access to the 3rd floor bridge, however the transport agents must contact the Marshals Service CSOs Foley Operations desk at [REDACTED] to take the witnesses to the courtroom. This protocol is being implemented to avoid the witnesses encountering jurors. Please make sure that the transport agents leave enough time to make it from our building to the courtroom.

Hi [REDACTED],

I wanted to connect with you regarding transporting witnesses over the bridge. Agents will be driving a few witnesses and parking under the building. Are there key cards agents need to receive to have access or will someone be present at all times to transport them back and forth over the bridge? Just want to get this squared away before tomorrow morning. Our first transport over the bridge will likely be around 10am.

Feel free to give me a call if that's easier as well.

Thanks,
