Hope you and yours are doing well.

[REDACTED] forwarded your name to me - I'm the InfraGard Coordinator for the NYO and the NY Metro InfraGard chapter. My counterpart in Boston was looking to host a webinar on the NH efforts to locate and capture G. Maxwell, but wanted to deconflict with the CAs in NY. As I understand it, the proposed presentation only includes steps taken to locate and arrest, nothing related to the material investigation or trial. Let me know if you'd like to discuss and/or if you'd like me to connect you with the Boston SA to discuss. Thanks.

Steve
