[REDACTED],

Our operations office told us an FBI agent dropped off information about an individual making threats in the courtroom. The Agent did not leave any contact information.

The alleged threat sender is [REDACTED]. Can you find me the direct point of contact for who may have dropped that off?

We have previously conducted an assessment on this individual but want to make sure there is no new conduct we need to incorporate.

Thank you.

The FBI is not in possession of her passports. I am not aware of pre-trial having them.

Let me know if there is anything else you'll need.

██████████,

I was provided your information from ██████████.

We are in the process of prepping for the upcoming trial for Maxwell and I am wondering if you can provide me a bit of information for our intelligence briefing.

I can assure you that none of this information will leave the USMS hands, as it is only being used to brief our security posture here at the courthouse and for transports.

Can you please provide me the list of the case agents from the FBI for Maxwell and their email/phone numbers?

We will use these in the event there are any issues that need to be relayed during the course of the trial.

Also I spent some time digging through the docket, however as you can imagine it is quite extensive, and could not find the answer specifically: is the FBI or pre-trial in possession of Maxwell's passports?

Thank you.
