Hi [REDACTED]

We received another one— Per our standard practice with this type of correspondence, I'm passing them on to you both. I've placed it in an envelope for pick-up in our lobby whenever you're here next. Thanks!

Subject: civilian report

H [REDACTED]

Hope you're doing well! I received a letter in the mail from someone in Australia who, from what I can gather, appears to be making a civilian crime report. The letter references Maxwell (but doesn't appear to have any connection to the case). The mailing also included some thumb drives, which I have not examined. Per our standard practice with this type of correspondence, I'm passing them on to you both. I've placed it in an envelope for pick-up in our lobby whenever you're here next.

Thanks,
