Good afternoon,

About the Ghislaine Maxwell trial, I have been far too accommodating. My investigation into the FBI's role in the criminal acts of Maxwell and Epstein is at Los Angeles School Police. It appears as though the same agents of greed and the destruction of pride of those whom consider themselves victims are the same individuals who perpetuated a school shooting in 2006 at Venice High School. We will have justice, those whom have been kept in the dark for years for rich people parties and jungle books. The shame that must have been felt when I simply wouldn't roll over and nigger for the FBI must be the reason why to this day my family has had to suffer and I have not been compensated for sharing the information that undoubtedly led to anything being done about the lot. May God have mercy on your souls, those who have perished for honest journalism and investigation will not. May God bless those who have survived your assassins, and those who will someday find compensation in the face of adversity.

Care,

Quincy Maurice Johnson
