Thanks [REDACTED].

Hi [REDACTED], SDNY is looking for a government witness who previously testified as a "Metadata expert" in order to introduce that same person as an expert in the FTX case. [REDACTED] believes he may have filled this role in your case, but can't confirm. Do you have any recollection of this?

Thanks,

Morning [REDACTED], did your squad handle the Maxwell case? If so, who was the case agent? USAO is looking for case precedent to support the FTX case. Looking to confirm specific testimony from [REDACTED].
