Yep! I got them. Our network is back up and running, so I'll be playing with that stuff over the next couple of days. I'll let you know how it goes.

Hey [REDACTED],

I wanted to check in to see if you received these terms for the Epstein evidence. These are the terms that the taint team at SDNY has been running. Is someone able to run these through so we can review?

Also, are we able to get over to review evidence in blacklight? With everything going on, I just wanted to check in and see what we'd be able to have access to.

Thanks,

As promised from yesterday, wanted to send the privilege terms our taint team has been running (which we received from Epstein's attorneys before his suicide). If any questions or issues on the FBI side, I'm copying [REDACTED] who is our point person for these issues, she's been helping us on the AUSA side with reviewing and segregating any hits for these in Relativity (which you should also have access to, and which already has these terms removed).
