Thanks very much for letting us know, that's very helpful. After you finalize and drop off the drive, if tomorrow you could please send us a scrubbed and updated spreadsheet, so we can match up everything we're working with, that would be extremely helpful.

thanks again,

The last item is currently copying to the drive [REDACTED] gave me for submittal to Southern. Unfortunately, the copy will take several more hours, so it will not be available today, but will be 1st thing tomorrow morning. This includes all outstanding items except the 2 servers that need hardware data recovery. I'll drop the drive off tomorrow morning. Let me know if you need anything else.
