[REDACTED],
As it turns out, the volume isn't that big, just the number of files, so it should fit on a thumbdrive I have. I'll start the copy. If I run into anything further, I'll let you know.

Very sorry to hear about the need for your travel, and thanks for checking in before you have to depart. We definitely would like to get any materials that you have ready to give us. What size drive do you need?

I unfortunately personally don't have any hard drives, but we certainly will move heaven and earth to get whatever you require. I'm copying [REDACTED] of our IT department, who may have an available drive in our office, and also copying [REDACTED] who may know of how to get a drive at FBI.

Please let us know what size you need, and hopefully either [REDACTED] or [REDACTED] will be able to assist and we can get it to you today.

thanks,
[REDACTED]

[REDACTED],
I need a drive to copy stuff onto. I had 2 from [REDACTED], but used those. Is there anyway I can get one tomorrow morning? I have to run out to Denver Tuesday to see my sister who is in hospice to say goodbye. If I get the drive Monday morning, I will be able to get you the last of the stuff by Monday evening. Sorry for the short notice.
