- ■■■■: Based on prior interview, it seems like there was some prior litigation. Was ■■■■ ever deposed?
- ■■■■: ■■■■ sued Epstein more than a decade ago and was deposed in connection with that lawsuit, which ultimately settled. ■■■■ does not have a copy of the transcript, as his files (and his co-counsel's files) have been destroyed at this point. ■■■■ is already working to obtain a copy, potentially from the reporting agency. ■■■■ is willing to provide a copy of the deposition transcript if he obtains it.
