

12/1/21

Asked what he recalls [REDACTED] saying about a woman.

Recalls woman was there at the house who made [REDACTED] feel comfortable.

Sometimes other girls were there, sometimes the woman was there.

[REDACTED] does not know the details of who was in the room, she didn't discuss what happened there & would shut down.

He would ask her why she went alone, how she was allowed to be there alone.
