Hello [REDACTED]

I hope you are doing great. This is the statement that [REDACTED] would like to submit. What format would you like me to send it in? Should it be as a signed declaration? She is comfortable having it attributed to her name.

“I appreciate the opportunity to again be heard by the Court in this matter and once more request that Ghislaine Maxwell not be released prior to her trial. I write this not only on behalf of myself, but all of the other girls and young women who were victimized by Maxwell. Ghislaine Maxwell sexually abused me as a child and the government has the responsibility to make sure that she stands trial for her crimes. I do not believe that will happen or that any of her victims will see justice if she is released on bail. She has lived a life of privilege, abusing her position of power to live beyond the rules. Fleeing the country in order to escape once more would fit with her long history of anti-social behavior.

Drawing on my personal experience with Maxwell and what I have learned of how she has lived since that time, I believe that she is a psychopath. Her abuse of me and many other children and young women is evidence of her disregard for and violation of the rights of others. She has demonstrated a complete failure to accept to responsibility in any way for her actions and demonstrated a complete lack of remorse for her central role in procuring victims for Epstein. She was both charming and manipulative with me during the grooming process, consistent with what many of her victims have described. She has frequently lied to others, including repeatedly lying about me and my family. Maxwell has for decades lived a parasitic lifestyle relying on Epstein and others to fund her lavish existence.

Maxwell has repeatedly demonstrated that her primary concern is her own welfare, and that she is willing to harm others if it benefits her. She is quite capable of doing so once more. She will not hesitate to leave the country irrespective of whether others will be on the hook financially for her actions because she lacks empathy, and therefore simply does not care about hurting others. She would in fact be highly motivated to flee in order to reduce the possibility of continued imprisonment, the conditions of which she has continuously complained. Her actions over the last several years and choice to live in isolation for long periods suggest that being comfortable is more important to her than being connected. Even more concerning, is if she is let out she has the ability to once again abuse children and the painful consequences of that type of trauma can last a lifetime. I implore the Court to make sure that Ghislaine Maxwell does not escape justice by keeping her incarcerated until her trial.”
