

- Prepared for trial testimony
- [REDACTED] informed AUSAs [REDACTED] separately that [REDACTED] is pro bono counsel
- [REDACTED] thinks that someone from NYPD reached out to her in summer of 2019 around time of his arrest/prior to JE's death; believes may have had a conversation with detective during which she may have said something about what happened, but otherwise had no substantive communications; they were working to schedule an interview, but that did not happen; [REDACTED] then contacted by SDNY
- Instructed [REDACTED] to not speak to other witnesses, including her mother, about the case/trial until it is done; instructed her to not speak to anyone about the case/trial
