Subject: St Thomas jet center

Hey guys,

[REDACTED] just wanted me to reach out to you guys, I interviewed the air traffic control guy Pat, and through a couple phone calls, we believe that St. Thomas Jet Center [REDACTED] Pat Hatch, employee) dealt with Epstein's helicopter. I called over there to confirm and they said the company has no comment and will not confirm anything regarding Epstein. Just wanted you guys to know in the event a subpoena was needed.
