Hey man, thanks so much for all the help on Saturday. I think you're out of the office, but I can't remember. Whenever you have a chance, are you able to pull the manifests for when Epstein flew in to Teterboro? We're looking for a list of when he came in and who he came in with (along with names, DOBs, etc). If possible, we'd also like to see if surveillance video is still available in the event any of these people are minors. Depending on who he came in with, we may still want video even if the companions were not minors.

Thanks so much man, we really appreciate all the help!
