Good Morning [REDACTED]

Can you go ahead and have the Agents add the screenshots from the complainant as well as an investigative note regarding the initial clarifying interview?

Good Afternoon. SA [REDACTED] of C-9 up here in New York recently transferred a lead down to your office for your review and action deemed necessary regarding a threat received by legal counsel representing Ghislaine Maxwell. [REDACTED] alerted me that he inadvertently did not attach the screenshot that the complainant provided. [REDACTED] can send it to you or try to add an investigative note to your lead, your preference. Just wanted to save you guys some time reaching out to the complainant or preemptively transferring it to Oregon.

Best,
[REDACTED]
