Inter-Continental Premiere Running Wolf, [From Recess] United States International Government - Epstein Cases, Investigations, & Trials - Executive Order 7-9-2025 1a I require James Comey and Merrick Garland be arrested and placed on house arrest effective immediately and indefinitely under heavy monitoring. They are suspected of being blackmailed to assassinate Trump in very brief summary. They are logically aware of multiple murders through Biden under strongarm by the Neo Nazi Terror Syndicate. There are extreme risks from the Neo Nazi's to kill Comey, Merrick, and Trump to keep them all from leaking incriminating details. I personally believe Epstein was murdered because obviously this implicates the Neo Nazis, with a trail that leads to Biden. Biden logically has knowledge of a plot to assassinate Trump which is the utmost high of Treasons if he is responsible or if he does nothing as required under his oaths to the United States Constitution.

I am making my stance very fucking clear for you nimrods trying to fucking kill my friends and me and all the people close to me. I will fucking order your death if I suspect you of trying to kill me or Trump or those near me. We will _execute_ you in broad fucking daylight on television and it will be justice for me but also the people. If that means I order your execution in public via a warrant so fucking be it. If that means I place bounties to execute you - terrorists - so be it. If that means the CIA, FBI, Secret Service, US Military needs to fulfill these warrants - military orders - then so be it. If I have to fucking hire mafias and cartels to execute you in the name of justice, revenge technically, then so be it. Biden better be really fucking careful you are a suspect. I still demand once again the Top 15 leaders of the Neo Nazis be hung in public for the world to fucking see. If that means I have to contract assassins, bounty hunters, Anonymous, to kill you stupid fucks then so be it. I will fucking poison you on your next plane ride with a U.S. Marshall. So be it. I will track you on your phones to your house and we will drop fuckina bombs on your
