Subject: [EXTERNAL EMAIL] - Fact-checking inquiry

Hello,

I'm writing from Reuters Fact Check, where we work to debunk misleading and false information circulating online. We came across some posts claiming that the FBI found bones of children during the raid at Jeffrey Epstein's island.

Here is an example of the claim: <https://www.facebook.com/photo.php?fbid=10159169173144817&set=a.386883759816&type=3&theater>

Could you please confirm the accuracy of this claim?

Many thanks,

Social Media Producer
