Subject: Epstein images on Network

Sirs:

In connection with the Epstein/Maxwell case there were several thousand images obtained from dvds/cds, computers, and hard drives pursuant to search warrants executed at Epstein properties.

The images were primarily of clothed and nude adult women, including Maxwell herself.

There were about a dozen CSAM images per [REDACTED] which were apart of a known series.

All images were produced to defense attorneys during discovery.

Please let us know if you have any additional questions.

Thanks.
