Good afternoon [REDACTED]

Thank you for the follow up. The victims will wait until after Geilenfeld is arrested and in jail to look for any help from you. You have to understand, they were involved with getting the arrest warrant in October 2015....8 years ago! They have spoken with judges, law enforcement from Haiti and the US, attorneys, doctors and psychologists. There is a current active red interpol alert based on that arrest warrant. At this point, Geilenfeld and his supporters laughed at them and ridiculed them.

I myself have even been sued in Gwinnett County which took over 2 years to defend myself. When Geilenfeld filed the lawsuit, there was an active arrest warrant from Haiti for Rape, Sexual exploitation and identity theft. No one helped me, not the US Embassy, none of the law enforcement agencies, not even the Haitian consulate in Atlanta. Geilenfeld and his directors sued the victims and me with criminal charges as being a gang leader in Haiti. After 18 months of going back and forth to Haiti to fight the charges, the Judge finally dismissed the charges. I have not been able to get my Haitian attorney to sue them for a frivolous lawsuit. Right now, Haiti does not have a function government. The time to get justice would have been in October 2015.

At this point, there has probably been more than \$1 mil. spent by US taxpayers on investigating him through the multiple accusations through the years. It is worse than Epstein. Here we are months later, excuse after excuse and investigator after investigator....and Geilenfeld walks free. I myself have spent a fortune on this. These young men have been

EFTA00162809

interviewed by Homeland Security and DOJ attorneys since 2019. At one point, I was told the reason for the delay was Covid. I am sorry but I do not believe that at all. The victims are trying to get on with their lives. Part of the grooming from Geilenfeld was to threaten them by saying, "don't even think of telling any of the visitors what is happening here in this house because no one will believe you. I worked with Mother Teresa, and you are Haitian liar, cheater and stealers".

Millions of dollars has been raised through the years, and Geilenfeld has multiple properties, and is still running the show in Haiti and the DR. He wants to get back to his new orphanage in Anamuya, DR for his "calling" to work with children. How can it be possible he has a new orphanage and he has a red and blue Interpol alert and active arrest warrant from Haiti for Rape, Sexual Exploitation and identity theft since October 2015? This guy is notorious in Haiti and has spent 237 days in Haitian penitentiary for sexually exploiting minors in his care. He was released on parole and the case is in the appeals court in Haiti. His license was revoked by the Child Protective Services in Haiti (IBERS) in January 2014. In a deposition recently taken by a judge and certified, IBERS testified they had received multiple complaints on Geilenfeld abusing the minors in his care, and he would never be allowed to be responsible for minors ever again, and he could never operate an orphanage in Haiti. That is extremely clear to me.

There is no need for further delay, the victims have risked their lives to testify and be interviewed multiple times and shared the indignities they have suffered when minors in Geilenfeld's care. One of the victims was stabbed in the chest by Geilenfeld's partner Brunel and almost died. Another victim was hit in the head by Geilenfeld by a hammer and somehow survived. The victims have risked their lives to testify multiple times, they have seen no movement. As orphaned and abandoned victims, they will never trust again, but this has caused them to trust even less. They met with John Occalini and DOJ attorneys in Haiti and the DR for hours.

What is taking so long? It makes no sense to me at all. I know your policy is not to discuss an ongoing case, but this is absurd.

Sincerely,

[REDACTED]
