Good morning,

Do either of you have/had a case involving a Brian Jordan? I searched Sentinel but too many hits popped up due to the common name, but none associated to HT in our AOR. This subject was supposedly involved in the Epstein ring?

[REDACTED] if you speak to your witness again can you ask him if he has the name of the agent he spoke to?

Thanks,

Hi Team,

I just got off the phone with a Mr. [REDACTED]. He is a witness on one of my non-HT cases and while I was talking to him, it became clear that he was confusing my case with a more recent one that the FBI may or may not be investigating. I told him that I would be passing his information on to the FBI just in case they have additional questions.

The case he was confusing with mine is suspect- Brian Jordan. He indicated to me that he had already spoken to someone from the FBI about this man and that apparently this suspect was involved in the Epstein ring of trafficking. He said he was

a sick, evil man that bragged to him that he was one of Epstein's pimps and in fact pulled a knife on him at one point while they were hanging out at his apartment.

Once I jogged his memory about my case, he was able to separate them and everything that he told me regarding my case checked out so I wanted to make sure that you all were aware of this other case, just in case it also checks out.

Thanks in advance and if you have any questions, please feel free to contact me at [REDACTED].
