Hey [REDACTED],

I forgot to call you on Friday – my bad. Any chance you recall if there are any devices that are ready for us to review? Otherwise let me know if there is a day this week you will be in so that I can check in then. SDNY is really pushing to get this done and wants to have a clearer timeline. I know you have a lot on your plate – especially from our squad

Hey [REDACTED],

I have been able to image a good deal of the stuff you have dropped off, but we have been limited to 1 or 2 days in the office, so everything is being drawn way out. Between Nygard, Epstein, and Kelly's case, C-20 is crushing me! I will be in again on Friday, and will be able to get you a better idea then. Reach out if I don't get back to you.

Hey [REDACTED],

Hope this finds you well. I wanted to check in to see if you have any idea on a timeline for reviewing items associated with Nygard. There were approx two iphones, two ipads and a laptop that were priority. Our AUSAs are asking us and wanting to know when the seized electronics could be reviewed. I know you are slammed, but wanted to see if you had a timeline.

Thanks,
