On 02/06/2024, at 3:58 p.m. Eastern Time, John Nederpelt, date of birth 10/11/1967, telephone number [REDACTED] [REDACTED] Barrington, RI 02806, called the FBI National Threat Operations Center (NTOC) whereby he stated he had a physical document he wanted to mail to the Providence Resident Agency in Barrington, RI.

NOTE: This email is being sent for the Boston Field Office's situational awareness regarding Nederpelt's intention to mail a physical document to the Providence Resident Agency.

NOTE: The information comprising this email is sourced from TIPS transaction jog9my3r.

Nederpelt provided the following information:

Synopsis:

Nederpelt sent a 66-page document to the Boston Field Office, the Washington Field Office, and the DOJ regarding a situation that started four and a half years ago when he was a journalist in Miami. Florida International University was owned by Alex Acosta who was associated with Jeffrey Epstein. Caller was curious how Acosta got his job as the dean of a school of over 40,000 children after he gave a "deal" to Epstein. Approximately four and a half years ago, in Miami, three "goons" were waiting for Nederpelt. Nederpelt's document included the identification of "thousands" of people who followed him, including UNSUBS who sat next to him at restaurants and followed him at retail stores. Nederpelt was never threatened physically. He also reported this information to his local law enforcement.

Nederpelt mailed his document fifteen days ago, approximately 01/22/2024. He spoke to an operator with the Boston Field Office who told him he could mail the document to the Providence Resident Agency.
