                ActivityDescriptionText : On 11/15/2025, at 4:22 p.m. Eastern Time, ██████████ ██████████ [
PROTECT IDENTITY], date of birth ██████████, telephone number ██████████, account, address Pawtuck
et, RI 02861, called the FBI National Threat Operations Center (NTOC) to report threats made on X in
Pawtucket, RI.
```

██████████ provided the following information:

██████████ wished to report concerning postings by X (formerly twitter) user ██████████. On 11/15/2025, ██████████ was browsing X and stumbled across a private group titled "People who covered up Epstein but are not high profile, soon to be shot in the head", which was created by the mentioned X account. There appears to be 24 members within this group. ██████████ described the postings as a "kill list" containing the names of several individuals including but not limited to Alina Habba (A NJ based attorney), X user "Catturd", Laura Loomer, and an individual named Mike Eagleman.

██████████ is concerned he may be on said list due to the posting being visible on his X feed as well as ██████████ frequent defending of the POTUS during online engagements. ██████████ confirmed he saw no mention of POTUS or himself being directly mentioned; however, ██████████ is not a member of this online group and is unable to confirm with certainty. ██████████ is concerned these individuals may "cause serious issues" or impede possible FBI investigations into the Epstein case.
