Good night all:

Just wanted to give you guys a heads up. [REDACTED] and [REDACTED] will be here either October 22nd or November 5th to meet with victims from the Jeffery Epstein case. There are about 90 victims and 12 attorneys representing them. However, there is no word yet regarding how many will actually come on the date chosen. Everything is really fluid right now, but as I get more information I will let you guys know.

In the meantime, please hold those dates.

Thanks,

[REDACTED]
