Sir:

Can discuss anytime.

According to the June 2023 OIG "Investigation and Review of the Federal Bureau of Prisons' Custody, Care, and Supervision of Jeffrey Epstein at the Metropolitan Correctional Center in New York, New York" report to the US Senate, the "orange blob" being referenced in the media is a CO.

"Through review and analysis of the SHU video footage, witness statements, and BOP records, the OIG determined, at approximately 10:40 p.m., a CO, believed to be Noel, carried linen or inmate clothing up to the L Tier, which was the last time any CO approached the only entrance to the SHU tier in which Epstein was housed."

Thanks.
