I understand. It appears, however, all redactions will now be done in Winchester using a tool provided by IMD. Will keep you posted if anything changes.

While I'm not in a position to go to DC right now, just let me know what redactions I can do from the office.

As you can see below, we will be sending more bodies to Winchester, to include Intel and hopefully C19. This is priority over case matters.

Let me know if you are available for travel.

Those sticking behind should plan to work on redactions from their computer starting as soon as we have Adobe.

Thanks,

Apologize, was sent before I finished.

... To Winchester to assist IMD with the redactions.

They should plan on about a week and we will reassess then.

OSTs can participate.
