C30,
See the below request for SA's and TFO's to come in tonight to help with the below tasking. Please let me know ASAP who is available. If you are available and can do this please do so before we have to start directing people in. Thanks.

Subject: Epstein overnight project

NY Team:

Sorry for the late email. The Director has requested NY conduct redactions on the Epstein related files from NY regarding Victim names and PII.

Please canvass your teams of who can report to the office tonight, and what time they can arrive.

They will be working through the night. Please get the names to your specific chain of command as soon as possible, as we are looking for hundreds of volunteers.

████████████████ will be the POC.

We will provide direction on how to redact via Adobe Pro from each person's terminal.

Once our folks return to the office, we will need the F numbers from their computer to send to MIS. Jude will provide the MIS POCs.

Thank you for stepping up.

We may need personnel to come in through the night to redact victim names and PII.

We are looking for 200 people.

Start canvassing your people.
