Good morning.

We are still waiting on confirmation from SDFL, but heard back from SDNY.

See the responses below.

1. Is any evidence at the USAO?
  - a. Confirm with both SDFL and SDNY USAOs. *Confirmed w SDNY, there is no physical evidence (i.e., physical items with assigned 1B numbers) at SDNY regarding Epstein. Waiting on confirmation from SDFL.*
  - b. If yes, what is the evidence. *There is no evidence at SDNY. Waiting on confirmation from SDFL.*
2. If so, what was the evidence? When did we obtain the evidence? How did we obtain the evidence from the USAO? Please provide an inventory of evidence that was at the USAOs. *There is no evidence at SDNY. Waiting on confirmation from SDFL.*
3. Relativity – was the case put into Relativity? Please confirm what was put into the system and what was held back.

*From the SDNY AUSA: SDNY's electronic case file and Relativity database have scans/copies of some physical evidence items and have other items of evidentiary value (such as grand jury returns, copies of items from Sentinel, copies of the Palm Beach PD file, and copies of the SDFL file, among other things). But we do not have physical evidence at SDNY from this case.*

4. Please confirm in writing that all the evidence related to investigations into Jeffrey Epstein are in the WFO.

*All evidence related to any NYO Epstein investigation is at WFO. We coordinated with the Miami office to ship a box of documents to WFO last week.*

Thanks.
