Subject: Young girl here in Mexico

Date: Wed, 14 Aug 2019 19:36:45 +0000

Importance: Normal

She has identified Ghislaine Maxwell as a woman who came to Richard Marcinko's home in Mexico many times in 2010 and 2011 with Nancy Marcinko to setup sexual trips for her when she was 10 or 11 years old. We know of death threats against her because of testimony she gave in 2018 against Kelly, Biden and Wayne in the sex abuse case in Mexico. Right now we have her in a safe location. We want to help you guys, but we also need to protect her, her son and her guardian.
