---

Hello Detective [REDACTED], apologies for taking a few days to get this organized.

Thank you so much for returning my call and for giving me your email address to send over some evidence. I have probably thousands of pieces of evidence so I will send over this for now to confirm that what is being presented to me is true in those reaching out to me are who they say they are. Thank you again for your assistance.

(I am still organizing the iCloud evidence for you to sort through easier.) Please let me know if you have any questions. I'll let you read through as there are several stories taking place here all dealing with trafficking and pedophilia.

Thank you SOOOO MUCH for calling me back. I truly truly appreciate your time and efforts in helping to make the planet safer for our children to create a better future for us all.

God Bless
