Hello Detective [REDACTED]

I'm reaching out to you once again today, to disclose evidence of a giant scam against our government, (I told you about this once before as it was disclosed to a child survivor YEARS ago that this was the plan to defraud the gov over Epstein's crimes) and I'm hoping you will understand my attached evidence and help expose this attempt at injustice.

I hope you are aware that [REDACTED] along with Marsh law firm is suing the FBI for \$600 million for gross negligence and ignoring our pleas for FBI involvement over sex trafficking crimes. In this video I have attached [REDACTED] claims that she was never raped yet the new narrative is she was raped by both Ghislaine Maxwell and Jeffrey Epstein.

Please feel free to reach out to me regarding this as another Survivor has been in touch with Chicago FBI and has been able to corroborate the journal entries are fake that she has also submitted. That survivors name is [REDACTED]

Thank you for your prompt attention to this matter. I will continue working with the media to expose this in the meantime.
