All good, but we need to double check exactly how the number will work first before we give out. Someone called and got a voicemail.

Just want to touch base on quote, USAO asked for it - I think they may want to release first thing tomorrow morning.

"We are asking anyone who may have been victimized by Jeffery Epstein, or anyone who may have information about his alleged criminal behavior to please call us. The number is 1-800-CALL-FBI.

We want to hear from you, regardless of the age you are now, or whatever age you were then, no matter the incident that took place. The bravery it takes to call us might empower others to speak out about the crimes committed against them. It is important to remember there was never, nor will there ever be an excuse for this type of behavior. In the eyes of the FBI, the victims will always come first."

I made a couple of edits. Let me know if there are problems or a better way to phrase. Wanted to make a broader point about child trafficking if possible.

Good afternoon, [REDACTED]

Please see attached for your final remarks. I've highlighted the section that will need to be updated with exact arrest details.

As for the victim call-in number, we still have the 1-800-CALL-FBI resource ready to go. SDNY might reference their own number. That should be decided this afternoon. Just a heads-up.

Thank you,
