[REDACTED]

I just spoke with both [REDACTED] and [REDACTED]... [REDACTED] had a conference call with the Violent Crime Section and provided answers to most of their current questions. There are some items we will not be able to address until interviews are complete. Moving forward he will send an email update twice daily (mid-day and COB) to the Section with any new information and our plans moving forward. We will include information from Mike and the searches as well.

Let me know if you get hit up with any specific questions and we will make sure they get a response.
