Dear FBI Agent [REDACTED] and US Attorney Strauss: SDNY

I was an inmate in the SHU or SECLUSION SECTION at the Metropolitan Correctional Center and the Metropolitan Detention Center in New York City, NY where Jeffrey Epstein died and Chislaine Maxwell is being held and other Federal Prisons around the United States.

I have some information from being in the SHU section of the BOP on why the cameras are turned off by the guards and how and why people are killed inside the Federal Bureau of Prisons. Would you want this information I have for your investigation into Jeffrey Epstein's death? Whenever the cameras are turned off by the guards the goon squad carries handheld camcorders to record everything with both video and audio.

I called this FBI 800 number dozens and dozens of times and talked to FBI agents but never got a response to this information and other information I provided the FBI and USDOJ.
