Good afternoon,

Could the NY field office please take a look at the attached OIG draft report and let me know, as it relates to information from the NY investigation (90A-NY-3151227), if the information is factually accurate? Additionally, please let me know if NY has any concerns with the information in the report being released publicly.

OTD and CID already weighed in and had no factual or sensitivity concerns.

Give me a call if you would like to discuss.

Thank you,

Good morning,

Please see the attached draft report on the captioned review. DOJ OIG has asked the FBI to review the attached and provide factual accuracy comments. Additionally, OIG would like the FBI to review the report for any FBI information that would be inappropriate for public release. After your respective Divisions review the draft for factual accuracy and sensitivity concerns, please sign and provide the attached Sensitivity Review form along with any comments to INSD by COB on Friday, April 14.

The OIG asked that the FBI keep a log of anyone who reviews said draft. Please don't disseminate this draft to anyone but those necessary to conduct a factual accuracy and sensitivity review. Additionally, please let me know to whom you forward this report.

Thank you,
