Hi [REDACTED],

I understand there was a request for a photo from the Epstein Miami case file. We have it here in NY. Attached is the photo. Do you still need this sent to IMD?

This case is still pending inactive. The photo was originally released on the FBI vault in black and white – attached is the photo in color. We have no issue with it being released as it was already released on the vault.

Please feel free to reach out with any questions.

Thanks,
