Waiver Explanation

Fee Waiver Justification

I respectfully request a waiver of all fees associated with this FOIA request pursuant to 5 U.S.C. § 552(a)(4)(A)(iii) and applicable agency regulations. Disclosure of the requested information is in the public interest and is not primarily in my commercial interest.

The subject matter of this request involves allegations of selective prosecution and disparate treatment by federal authorities during a pivotal time in U.S. law enforcement history. Specifically, this request seeks to illuminate potential systemic failures and prosecutorial discretion disparities involving the Fleiss family and the simultaneous federal inaction toward known figures such as Jeffrey Epstein and Ghislaine Maxwell. These issues directly concern government conduct, public integrity, equal application of justice, and potential misuse of power.

The release of these records will significantly contribute to public understanding of how high-profile prosecutions were prioritized, and how certain individuals or families may have been targeted or protected for reasons outside the law. This matter has broad relevance across legal, political, and historical domains and has been the subject of sustained public interest and media coverage.

I am submitting this request as a private individual conducting historical and legal research for the public record. I do not seek this information for commercial use or financial gain. I plan to share any findings or records obtained through public platforms, archives, or publications in order to advance public awareness and promote transparency in government operations.

Accordingly, I ask that all fees be waived. If any portion of the fee waiver is denied, I request that you notify me in advance of incurring any costs so that I may consider narrowing or amending the scope of the request.

Thank you for your attention and consideration.

Sincerely,
[Redacted Signature]
