TRANSITORY RECORD

Good afternoon,

I have received another Epstein Request! I looked through file # 90A-NY-3151227, and found that the Metropolitan Correctional Center's DVR system was taken into evidence. This request is seeking Investigative Reports/Records from the FBI crime lab concerning the cameras outside of Epstein's Jail Cell. Are you ok with us sending a b7a response to this requester? I have attached the request letter and a copy of the b7a response letter.

Thanks,
