██████████ was born in San Antonio, Texas in 1984. ██████████' mother was a teacher and her father served in the military for 22 years at Fort Hood, Berlin, and near Munich. ██████████ went to DOD schools. They moved to Fort Erwin in California and ██████████ attended high school in California. When ██████████ was approximately 12 or 13 years old and in Germany, she became interested in modeling. ██████████ signed with ELITE MODELS in Los Angeles. ██████████' mother would drive her approximately three to four hours to a modeling shoot. ██████████ was always with her mom when modeling. When ██████████ turned 15 years old, she signed with ELITE MODELS in New York. Halfway through her junior year of high school, ██████████ dropped out because she was traveling a lot. ██████████ took independent courses and earned her GED. When ██████████ was 16 or 17 years old, she spent the summer in New York. When ██████████ was 17 years old, she went to Paris. During this time, her body started changing and she started working and did not want to model anymore.

██████████ worked odd jobs when she moved to New York. ██████████ worked in the service industry. When ██████████ was 18 years old, she signed with ID MODELS, whose founder was PAOLO ZAMPOLLI. ██████████ lived in a model's apartment on Varick Street with two other girls. ZAMPOLLI was "sleazy" and dated models. ZAMPOLLI made her get a short haircut and then let her go. ██████████ only lived in this apartment for approximately a year. This modeling job was different than before because all she did was sit around the apartment a lot. ██████████ moved with another model, who ZAMPOLLI also let go, to Williamsburg. Around 2004, ██████████ had an interview and earned a job at a coffee shop in Union Square.

In the summer of 2004, ██████████ met JEFFREY EPSTEIN. ██████████ was 19 years old when a woman, ██████████, who was roughly the same age as ██████████, and she were working at a coffee shop. ██████████ had found pay stubs reflecting this. ██████████ started school soon after this; she found her transcript stating she started in August 2004. While she was working at the hostess stand, ██████████ was approached by a blonde woman with an Eastern European accent. This woman, ██████████ told ██████████ that she was beautiful and that ██████████ had a wealthy client who liked young pretty girls. ██████████ said that she found women to give him a massage and he pays the women in cash. ██████████ thought it sounded very innocent. The next night ██████████ took ██████████ and two of her friends to a club, where she told them things like the fact this man was friends with a president. ██████████ told her that she made \$600 per girl and recruited three to four a day. ██████████ referred to the man as "Jeffrey". ██████████ also told them that if he liked her then she could make money in the future. Looking back, it seemed to ██████████ that ██████████ groomed her.

Later, ██████████ had ██████████ meet her around the corner from EPSTEIN's house. ██████████ had an appointment around 11AM/12PM. ██████████ told ██████████ that EPSTEIN was not going to touch her and that she would have her clothes on. ██████████ left from there and remembered walking up to a home with big doors. ██████████ rang the doorbell and a Hispanic maid, who did not really say anything, answered the door. She took ██████████ up on the elevator, which ██████████ thought was to the left. ██████████ thought she could have gone to the second floor. The room was small and dimly lit with a massage table, chairs to the left-hand side, and a bathroom attached. There was an essential oil smell in the room. EPSTEIN walked in with a towel wrapped around his lower half. EPSTEIN took a short

call, speaking to someone named [REDACTED], when [REDACTED] had walked into the room. EPSTEIN walked in the bathroom first then laid on the massage table on his stomach. EPSTEIN asked where [REDACTED] was from and he seemed surprised when she told him she was from Texas. Approximately five minutes in, EPSTEIN turned over and told her to take her clothes off. [REDACTED] felt trapped and did not know how to get out. EPSTEIN "commanded" her and was very intimidating. [REDACTED] took her clothes off. EPSTEIN started masturbating, touched her breasts, and pulled her close. EPSTEIN reached into her underwear and penetrated her with his hand. On the shelf in the room, there was a sex toy. EPSTEIN forcefully used the sex toy on her. EPSTEIN told [REDACTED] to get on top of him to which she said, "please no". EPSTEIN asked [REDACTED] if she liked what he was doing to her. When EPSTEIN finished, he took money from a drawer. EPSTEIN paid her and [REDACTED] dressed. The maid knocked on the door; she seemed disturbed as she walked [REDACTED] out.

[REDACTED] texted [REDACTED] the next day, saying EPSTEIN really liked her and wanted to see her again. [REDACTED] told her friend [REDACTED] what had happened and [REDACTED] told her that it had happened to her as well.

[REDACTED] thought the number she may have used then was [REDACTED]

[REDACTED] friend requested [REDACTED] on Facebook. [REDACTED] seemed like a friend who was helping her and [REDACTED] needed the money. [REDACTED] had one message from her that she had screenshot.

[REDACTED] had a mental breakdown, started drinking, and couldn't function. [REDACTED] was fired from her job, so she called her parents to go home. [REDACTED] left New York after her interaction with EPSTEIN. [REDACTED] called her parents, they picked her up and she moved back home. [REDACTED] felt safer when she moved back home. [REDACTED] went to community college. [REDACTED] went from outgoing to a recluse and did not talk to anyone.
